HELD IN THE JUBILEE HALL ON 14<sup>th</sup> JULY 2025

Present: Mrs Caroline Hjorth (Chair)  
Mr Duncan Boulton (Vice Chair),  
Mrs Andrea Fawell  
Mr Ray Hudson

Also present was: Peter Gardner, Kayti Foster, Georgina Heritage

Apologies were received from: Mrs Donna Evans (Clerk), Mr John Poole, Mrs Margaret Poole

<b>Item 1: MEMBERS' DECLARATION OF INTEREST (FOR ITEMS ON THE AGENDA)</b> None were received.	
<b>Item 2: TO APPROVE &amp; SIGN THE MINUTES OF THE MEETING HELD ON 9<sup>TH</sup> JUNE 2025</b> The minutes of the Parish Council meeting held on 9 <sup>TH</sup> June 2025 were accepted as being a true record of proceedings by councillors and signed accordingly by the Chair.	
<b>Item 3: MATTERS ARISING FROM PREVIOUS MINUTES (INFORMATION ONLY)</b> There were no matters arising that are not covered under other items.	
<b>Item 4: PUBLIC PARTICIPATION IN SESSION</b> There was none.	
<b>Item 5: THAMES VALLEY POLICE</b> There was no police report.	
<b>Item 6: DISTRICT AND COUNTY COUNCILLORS' REPORTS</b> The Council noted both the County and District reports from received from Georgina Heritage (GH). There were no further questions about the County Council report, after Georgina encouraged Councillors to have their say regarding the single Council. Chair mentioned the email regarding Dark Skies and excessive lighting within the County and GH agreed that this was in our favour for the planning application from Rainier for 25 houses. Chair also congratulated OCC for the best performing Council for climate change & improving re-cycling, GH replied that SODC is also the best performing District Council much of that down to the residents.  GH in her capacity as DC, explained that she had received questions from residents asking about commenting on the 25 houses planning application and had guided them to the policies they might like to consider. She also is completely aware of the big problems with the planning portal website which SODC are trying to bring "in house", we also explained our frustration about this and it was noted that pre-planning advice has been suspended for a while so the planning office can catch up, it was noted that the 25 houses application date for comments had been moved to 25 <sup>th</sup> July, but this will also delay other applications they have received (notably the Solar 2 which we understand is imminent)  One point on her report was regarding the application for 15 outline houses in Stadhampton not dissimilar to our Rainier application (and it had been submitted previously for 30 houses). This went to Committee and was only approved on the casting vote of the Chair, however it was noted that Stadhampton don't have a NP and she does feel that this is a very important point when we are submitting our comments. She also explained that a larger planning application for Chalgrove had been refused and one of the arguments was that houses in Chalgrove already built were just not selling.

She explained that at Cabinet on 10<sup>th</sup> July it was decided that the bulk of the funding that had been put aside for Didcot Gateway is being re-directed to purchase social housing, in light of local Government reorganization.

RH asked if there were any plans to extend the initiative for decarbonization beyond Leisure Centres? Such as Public buildings owned by Parish Councils. Georgina explained that the Government money was just for Council owned buildings so far but she will keep us up to date.

- k) We have requested funding from Georgina to complete the playpark wood chippings work from the Councillor Community Grant she is able to access in August. She is going to request if this could be brought forward so we'd get the playpark finished as soon as possible. Allen Landscaping is now aware of this timeline.

P25/S1676/HH The Garden House Rectory Lane, South Weston  Proposed single storey extension to existing bungalow	Extension given to 15 <sup>th</sup> July PC agreed Response, and added their comment:  If SODC are minded to approve this proposal we would ask that due care and consideration are provided to access traffic, deliveries and operating hours given that the property lies along a dead end residential Lane.
